

## ABOUT SHARE-NET BANGLADESH

Share-Net Bangladesh is a knowledge platform focused on Sexual and Reproductive Health and Rights (SRHR). It is one of seven global hubs of Share-Net International which is based in the Netherlands. The aim of this platform is to contribute significantly to policy, practices, and programme development in the field of SRHR. Hence, it seeks to combine the expertise and strengths of the national knowledge networks in all its hubs. While Bangladeshi practitioners have been working on SRHR issues creating best practices and generating knowledge through rigorous research for an extensive period of time, SRHR remains a possible thrust area in establishing greater human rights.

Share-Net Bangladesh is hosted by RedOrange Media and Communications.

## VISION

Universal access to and utilisation of Sexual and Reproductive Health and Rights.

## MISSION

Evidence-informed policies and practices enable everyone to have a satisfying and safe sex life, the freedom to decide how many children they want, when and with whom, and access to good-quality care to ensure their sexual and reproductive wellbeing.

## KEY FUNCTIONS

Establishing links with key national, global partners, stakeholders and networks working on SRHR

Sharing and stimulating the use of existing SRHR knowledge

Generating new knowledge to address priority research and intervention gaps

Disseminating knowledge through effective communication tools

Creating space for finding solution and supporting advocacy

Bridging the gap between all involved in SRHR policy and services

## COMMUNITIES OF PRACTICE (COPS)

We bring together the dynamic Communities of Practice (CoPs) that consist of social and medical researchers, development practitioners, government officials, legal experts, students, and members of vulnerable and under-served groups. They work cooperatively to find solutions and take critical issues forward. Each CoP is different with common responsibilities and core roles. The members join the CoP voluntarily to meet others working on similar fields on the similar issue. With a given budget, they work together to translate knowledge and develop knowledge products. Further these are published and shared with all Share-net Bangladesh members. The key activities are-

- To share, review and disseminate new information, knowledge and policy developments
- To promote and facilitate knowledge translation and use by practitioners and policy makers

Gender-based Violence

Infertility

Child Marriage

Menstrual Hygiene Management (MHM)

SRHR in Fragile Settings

SRHR for Adolescents and Youth

## KNOWLEDGE PRODUCTS

We support our members in developing new knowledge products (research papers, policy reviews, desk reviews, literature reviews) as part of its activities every year. The E-library section of the website contains all the knowledge products developed so far.

## YOUNG RESEARCHER FELLOWSHIP GRANT

We provide two Young Researcher Fellowship Grants every year. Focusing on a specific topic around SRHR, SNBD calls for research proposals during the first quarter from Bangladeshi students for the grant. The grantees are provided with regular supervision and mentorship support from an internal consultant to conduct their studies.

## SBCC TRAINING ON SRHR AND GENDER

We organize SBCC (Social and Behavioral Change Communication) Training Focusing on SRHR and Gender every year. SBCC can be a critical role-playing tool to address various social problems and to better understand and connect with SRHR and relevant gender issues.

## SRHR KNOWLEDGE FAIR

It is the annual flagship event of Share-Net Bangladesh. On a focused theme from the broad umbrella of SRHR, experts, specialists, researchers, academicians, practitioners, students from around the country come together to showcase their work, share and learn new knowledge. The event hosts plenary and thematic sessions, poster presentations, stall exhibitions, SRHR recognition award and much more.
